

A WEBASSPEC-O-REE was the name and fishing was the game...only the fish didn't cooperate when 24 Webelos from Belle Glade, Pahokee and Moore Haven banded together with 26 men Saturday and Sunday to track down the wiley spec and the ferocious large-mouth bass under the tutelage of the Lake Okechobee Bassmasters. Dr. Robert Allen (above) taught the boys how to put a plastic worm on their hooks and then (below) the best way to cast; but the only bite during the two-day outing came when a seagull grabbed a boy's lure. "And you know fishing is bad when a seagull takes your lure," Glenn Bair said. The weekend wasn't a complete wipeout for Ryan McKee of Belle Glade's Pack 622, though. He won the casting contest Saturday morning as the boys vied to hit an inner tube moored about 30 feet offshore.

## Commission hears audit report

BELLE GLADE—The City Commission called off an audit of the Department of Community Development, Monday after a West Palm Beach accounting firm found discrepancies amounting to \$16,886 over less than six months of 1977.

The audit was begun last year after several discrepancies in purchasing, dating back to the time George Gartner was director of the department, had been uncovered by city staff members.

Gartner was charged with grand larceny in December in the wake of a state attorney's investigation triggered when several irregularities in purchasing were found by city employees and subsequently turned over to the state attorney's office.

The city commission decided later that month to have the audit performed to determine how widespread the discrepancies were and the firm of Nowlen, Lynch and Stewart was commissioned to perform \$950 worth of work to get some idea of how much would have to be spent for a complete line by line audit.

City Manager Robert R. Sanders told the commissioners the accountants had come across three items which were previously unknown, as well as finding that,

"payments to American Express were poorly documented."

Sanders said an American Express credit card was made out in Gartner's name; with Community Development picking up the tab. He said there was a possibility the card account had been padded, possibly by as much as \$2,000 over several months.

All the discrepancies found by

city staffers and the accounting firm were in the form of checks made out between Jan. 14, 1977 through June 9, 1977. The checks ranged in size from \$219.40, 28 camera lens to \$2,500 paid toward an energy study. All the assets supposedly paid for by the checks are missing.

The accountants recommended the city should consider a review of

rehabilitation costs and projects, relocation costs and projects, capital expenditures between June 1, 1976 through June 30, 1976 and payroll costs.

Sanders told the commissioners he hadn't discussed it with Remar Harvin, the city's current Community Development director, or City Finance Director Frank Anderson but he recommended against the city following the accountant's advice.

He said he didn't believe the city needs to go any further because a close check was being kept all the while in the areas the accountants said should be studied.

Harvin and Anderson agreed with Sanders and Sanders went on to recommend against the commissioners' approval of a complete audit suggested by members of the Citizen Planning and Advisory Committee (CPAC).

Harvin concurred, saying that in a more recent meeting, CPAC members had clarified their positions as being one of supporting the city-commissioned audit rather than an independent accounting.

The commission agreed with Sanders and also approved staff action taken on other recommendations made by the accountants.

## City Hall dedication ceremonies are set

BELLE GLADE—The new City Hall was open for business Monday and a formal ribbon cutting ceremony Friday will formally dedicate the new facility, with members of the public invited for an open house lasting from 3 p.m. to 7 p.m.

Some city officials were planning an all-day affair; however, beginning at 9:30 a.m., the Palm Beach County Legislative Delegation begins a hearing to get public input on legislation for the coming legislative session.

The delegation meeting will last until 11:30 a.m., when the city is planning a luncheon for them,

along with other dignitaries, at the Municipal Country Club.

The public part of the festivities will get underway at 12:30 p.m. with a flag-raising ceremony featuring the Belle Glade Police Department color guard, the Glades Central High School stage band and Henry Miller, singing the Star Spangled Banner.

The ceremony is expected to last approximately half an hour and end with a ribbon cutting.

Hors d'oeuvres and punch will be served the public during the open house as city employees guide tours through the new city building.

## Willie Wisper's city chief status to be decided

SOUTH BAY—While the trial of suspended Police Chief Willie Wisper, Jr. got underway in West Palm Beach, the city commission decided Tuesday evening to hold a special meeting next Tuesday evening at 8 p.m. to decide his status with the city.

Wisper was suspended by the city on Nov. 29, 1977 in a special session after he was arrested by deputy sheriffs for possession of drugs with intent to sell and transportation for prostitution.

The suspension was for 60 days, according to Civil Service regulations and when Commissioner

Donald Tanner noted Tuesday evening the 60 days were up, City Attorney Jim Gann suggested the commission set a special meeting to deal with the matter.

Gann said the commission could either act with the Civil Service board to extend Wisper's suspension or could take action to terminate him.

Wisper, in the meantime, was arrested again last week on charges of tampering with a witness when he allegedly attempted to pay a man \$300 to take Arlene

See Wisper - Page 9

## Farmers to hear of unemployment rules

BELLE GLADE—Glades area farmers who suspect they may be newly covered by unemployment compensation will be able to find out more about the new provisions and register with the State Department of Commerce during a meeting scheduled for 8 p.m. Wednesday, Feb. 15 at the Lake Shore Middle School Cafeteria.

Employers who have had ten or more employees for 20 weeks, or paid \$20,000 in quarterly wages, in either 1977 or 1978 are covered as of Jan. 1, 1978.

The Department of Commerce's Bureau of Unemployment Compensation (UC) will be holding a series of meetings around the state to discuss new procedures and assist farmers to register for the new coverage.

The Belle Glade Meeting will be one of ten such meetings being held on Feb. 15 and Feb.

22 in central and southern Florida.

According to the UC, farmers should bring wage records for the fourth quarter of 1976 through the fourth quarter of 1977 to help UC representatives determine farmer liability.

The division has lists of labor contractors and farmer employers and they will be around to see those who do not sign up," said Al French, director of Labor Relations for the Florida Farm Bureau Federation. "If you have not already registered, it is important to sign up as soon as possible."

French said that if accurate records are not compiled, according to UC, overpayments and fraudulent claims may result, similar to Disaster Unemployment Assistance claims last year following the January freeze.

## Mock named manager of city branch bank

BELLE GLADE—Rupert (Bubba) Mock, Jr., has been named the manager of the Belle Glade branch of the Bank of Pahokee.

The announcement of the appointment was made this week by Rupert Mock, Sr., Mock's father and president of the Bank of Pahokee.

Mock is 38 and he and his wife

have three daughters, the youngest three and the oldest ten.

He is a native of Pahokee who attended Pahokee High and Florida State, where he majored in advertising. He later attended the School of Banking of the South at Louisiana State University.

Upon graduation, Mock worked for eight years with the Atlantic National Bank in Jacksonville as a correspondent bank director and assistant vice president.

He moved back to the Glades three years ago and at the present time holds the position of vice president and senior loan officer of Everglades Federal in Belle Glade.

The new Belle Glade branch of the oldest bank in the Glades will open around the first of March and work is beginning on the building on South Main.

Mock, who has a total of 14 years experience in the field of banking, said he was delighted with the appointment and noted he hopes to continue the fine relationship he has built up over the past years with the people of the area.

NOW YOU CAN SEE IT! Workmen moved the BS building early Wednesday morning that once blocked the view of the new Belle Glade City Hall. The building once rested in what will become the front-door parking lot of the City Hall in

preparation for the dedication ceremonies scheduled to take place tomorrow. Residents are being invited to attend the ceremonies, which will begin with a legislative delegation hearing at 9:30 a.m.

Staff Photo

For the past few weeks, we've been working on a story on commercial fishing in Lake Okechobee and its impact on the fish and fishing.

A few clear observations are coming out of the story, which will appear next week.

First of all, the impact on the economy is considerable. Estimates of an additional 340 fishermen since the Lake Okechobee Fisheries Utilization and Management Program started are reasonable and may be on the low side. This means that many new families have moved into the lake area or are making a living from the lake.

The Belle Glade-Pahokee area contains its fair share of these fishermen, as evidenced by the numbers of boats in both cities' marinas.

In the first year, \$5 million was realized in the sale of fish alone. This does not include what fishermen spent for gas, oil and general living.

One of the most important facts is that growth and age studies have shown the average size of speckled perch in a selected age group is an inch longer than in the same group before the program began. This means, according to biologist Lothian Ager, that the fish are growing at a faster rate and reaching "catchable" size earlier.

But into each life, some rain must fall and it's been falling in commercial fishing's program, too.

Biologists set up "minimum" harvest goals of different species for the program and some have been exceeded while others are far short.

Most targets of those exceeded is the harvest of specks, which is twice the minimum recommended. Ager said he didn't know what the maximum would be and apparently this is no cause for alarm.

On the short side, gizzard shad have not been harvested anywhere near what the minimum recommendation is. In fact, about a tenth as many as recommended have been removed.

Economics dictate what the fishermen do and so far, there are problems in bringing caught fish to shore. Disposal is the biggest problem and while there is some market for trash fish, about 60% wind up in sanitary landfills. Trouble is, many of these landfills are closed when the fishermen bring their catches ashore and there's nowhere to dump them. One fisherman hinted that thousands of pounds of trash fish are being dumped back into the lake contrary to rules and regulations because of this problem. He said he felt fishermen would abide by the rules if they have a place to dump the fish they are obligated to bring ashore.

While commercial fishing is important, it is almost insignificant in view of the economic impact of sportfishing on the lake. If you don't believe it, take a look at the thousands of "snowbirds" who come to the lake to fish during the winter, not to mention all the others who come over for a day's fishing from the coast and elsewhere.

Ager is still convinced the program is beneficial to the lake as it notes millions of pounds of fish that were going to "waste" are now being utilized and that by their removal, other fish have room to grow larger and more healthy.

Many of the problems that first cropped up in the program have been resolved. Many others still remain. These are being worked on. Personally, I'm still in favor of the program despite some shortcomings.

## More information needed

Without a draft by the Palm Beach County Charter Commission, or even a final report from a single one of its seven committees, the charter expected to go before the voters in November is already beginning to pick up opposition.

There is always a predictable amount of criticism of any attempt to change the form of government at any level and quite often that criticism is more than justified.

But with no indication yet as to what form the final proposal will take, or even if it will be ready in time for the public to vote on in the general election, it's hard to figure out how some people have already made up their minds on the matter.

The form of the proposal could range all the way from Miami-Dade's Metro system through the consolidated form of government in Jacksonville-Duval County to the more conservative form adopted by Volusia County.

It could be good, bad or indifferent. It could abolish all elective offices except for county commissioners, retain all of them or eliminate some and keep others.

Or, as pointed out Monday by Belle Glade City Attorney John Baker, who chairs the Central Services Committee, the committees could drag out their jobs so long a draft charter won't even be ready in time for the election.

## Speak your mind

All too often we hear the gripes about how hard it is to make someone in Washington or Tallahassee pay attention to what the "little man" wants or doesn't want in the way of laws.

Well, stand up Belle Glade. Speak out South Bay and let yourself be heard, Pahokee. Now's your chance.

The Palm Beach County Legislative Delegation is going to be at the new Belle Glade City Hall in McDonald Park at 9:30 a.m. Friday and the only reason the county's lawmakers are going to be here is to hear what Mr. and Mrs. Glades Resident have to say.

And considering the fact this is election year and every one of the seven members of the State House of Representatives will be up for re-election this year, there won't be a better time to get their attention.

Got a law in mind you want to see passed? Got one on the books you'd like to see scrubbed? Well, now it's your turn at bar. Speak up now or hold it down to a dull roar later in the year.

## Chamber coffee

The offer of coffee and donuts this morning to the city's merchants is a much-needed step in the right direction by the Chamber of Commerce Board of Directors in establishing communications with the membership and, if it's followed up in the future with more, could prove the shot in the arm needed to boost membership.

And membership is getting to be a touchy subject at board meetings with the chamber.

The problem seems to be that no one is certain why the membership is falling off this year and this coffee, being from 7:30 to 10:30 this morning in the Burger World, will hopefully provide some answers.

A vigorous Chamber of Commerce can be one of the biggest assets a community can have and one of the ways of maintaining vigor is a continuous influx of new ideas and new blood.

Enthusiasm is every bit as contagious as apathy and sometimes it's necessary for the leadership of an organization to take the first, second and third steps to meet the membership.

This could well be that first step.

It could be similar to the charter defeated by the county in 1972 or it could be vastly different.

We don't know and it's impossible to make up our minds whether to oppose, support or ignore the charter until we see something set down in black and white.

All of which may be a circuitous way of getting to the point that we don't believe anyone else has any reasonable grounds to come down on one side or the other of the coin.

There probably isn't one single form of government in the world which would satisfy everyone, there's little doubt the charter will become one of the hotter controversies before November rolls around.

But if a suspected criminal is innocent until proven guilty, it would seem reasonable to offer the same courtesy to an idea or, as in this case, the ideas of a number of people.

### Letter to the Editor

## Vital water plan

Many of you know something about "208" but others don't. I want to bring you up-to-date on efforts in this county.

To reduce nonpoint pollution sources coming from agricultural runoff, urban streets, construction sites, etc. "208" plans are being developed across the nation. The goal is to make all waters "swimmable and fishable" by 1983. At this point the 1983 date looks unrealistic, but it is still the target date.

In early 1976 Palm Beach County received almost \$1 million to develop a plan within two years that could be implemented to reduce nonpoint pollution. This plan was to be "the people's plan". There was to be a great deal of public involvement and input so that the final plan would be acceptable to the public in general, yet reduce pollution.

Policy, technical and citizens advisory committees were appointed. I worked close with the planning group to see that agriculture was represented. A number of people in agriculture were appointed to these committees. I was appointed to the technical advisory committee and have attempted to make sure agricultural aspects of the plan were given proper consideration.

The reason for my concern was that agricultural operations were being given the most consideration as pollution sources. I can report to date that all considerations about agriculture have been fair. Collection of background information on agriculture has been enhanced by the help of growers, the Extension office and other concerned with agriculture. Without good information and a very good understanding of agricultural practices there was no way agriculture could be looked at and not be harmed.

What all this "208" plan is going to do is probably ultimately change some of our production practices in a manner that will reduce pollution. Since day one I have had very strong convictions that any proposed changes must be something that won't put producers out of business. This is my primary concern.

This planning process is to go on "forever" and the plan will be continuously updated. So this isn't something that will go away if we ignore it.

The plan will be finished in early '78. Any recommendations for changes in agricultural practices will be handled on an experimental basis. It will be tried on a very small scale to see if it is practical before being implemented on a larger scale. We in the Extension Service and also the Soil Conservation Service personnel are doing our best to make sure planners are aware of what is reasonable for agriculture. These next 4-5 months are going to be critical and I may be calling on some of you for your thoughts.

Clyton E. Hutcheson  
County Extension Director

## CRACKER CRUMBS

BY DEAN JONES

One of these days, I'm gonna learn to keep my big mouth shut and if I ever do, it's gonna save me a whole heap of trouble.

Take last Friday... please.

It wasn't enough that I was a rotten day down at the salt mines. It wasn't enough I'd just gotten some ba-a-d news about income tax that's threatening to bring on bankruptcy proceedings for the Crumb. I had to go and volunteer and that's one thing I learned a long time ago is a sucker move.

Maybe I can plead insanity but without twisting my arm or anything, I told Jim Higgins I'd walk in the March of Dimes Walkathon this year.

Whatever it was, whether I was reeling from the slings and arrows of the day, reeling drunk or just in an end-of-the-week stupor, it was still insanity of some sort.

There ain't no other explanation...not even the day the whole thing's going to be 'taking place. Believe it or don't, this whole exercise in madness is going to take place on April Fool's Day.

And madness it is. Madness it must be.

Jim has tried to get me to walk for three years now; seems like 30, and I always figured I was above that sort of thing. Cover the Walkathons, yes. Give advance publicity, yet. Sit in on committee meetings, yes.

But walk? No way! That was for younger hearts and stronger legs than I've had for awhile.

And not only was I sucker enough to say I'd walk, this madness, this mad de te te if you will, ended up in a challenge to Bo Stine. He was sure to appoint about the midnight phone call and he gave the definite impression he wasn't too happy about making the walk either...which I thought was more than a bit hilarious at the time since he's the county March of Dimes director and has never made a walkathon himself.

Word I have, though, is that Bo is at least sane enough to be mulling over ways he can gracefully get out of the whole thing.

I was too hot, unlike Bo, I was foot too hot to cogitating about the same problem aloud while I was in the office and that didn't help the cause at all.

Sorta sealed my doom, if you know what I mean.

In "Rein put your foot in it this time," comes the sympathy-loaded response with a sardonic leer, "didn'tcha? Well, you can forget about getting out of this one, dummy."

So-o-o, a hammer-lock, two full-nelsons, a twisting toe-hold and a double-dog-dare later, the kid was doubly volunited.

The only concession I got out of this one (oh yeah, I forgot to mention that because of certain excess baggage I haul around with me all the time. Bo did up me five miles) was that our illustrious ad manager will be right out there hoofing it with the rest of us. Lot's good that's gonna do me when my corns start screaming for mercy.

Dumb! Dumb! Dumb!

I could've stood the hammer-lock and the full-nelsons at the toe-hold hurt but that, too, could have been endured. It was the double-dog-dare, believe it or not, that got me in the end.

Beauty didn't kill the beast. Stupidity did.

Things weren't helped along at all, either, when the dauntless Miss Connerly immediately got on the horn to Cleveland to arrange for our first pledge and picked up a definite penny a mile.

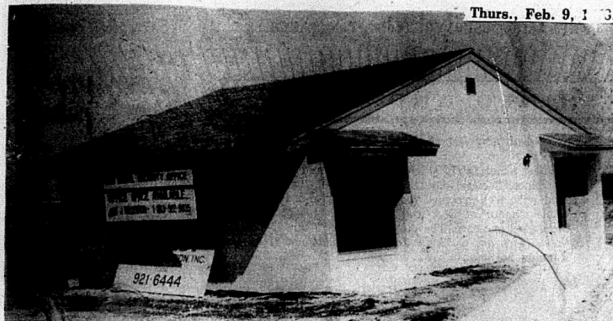

Whooped Wind up with bleeding blisters, sunburn and legs worn down to the knees and, assuming the impossible that we both finish the 20 miles and the March of Dimes is richer by 40 cents.

That won't even buy the bullets to put us out of our misery...and they do shoot horses, don't they? Seems like they could extend the same courtesy to me. I was the editor who's been crippled for life.

The final straw, at least for this week, came when Gentleman Jim happily chorled about the new blood that's going to spatter the roadside of SR 715 come April Fool's Day and said he didn't want to hear any negative thoughts I may be having about this fool's way of committing suicide.

My feet already hurt in anticipation.

A PERMANENT HOME was found for Social Security Services this week when the new office on SR 715 was occupied Monday by Social Security personnel. Full services will be offered here.

## Growers to discuss pollution

BELLE GLADE—Sugar cane and vegetable growers are being invited at 7:30 p.m. Feb. 16 to discuss the 208 non-point water pollution control study now being made in Palm Beach County. The meeting will take place at the Agricultural Research and Education Center.

Speakers for the meeting will be Jim Fleischmann, the principal planner for 208; Dick Stalker, director of Environmental Planning Division for the Area Planning Board of Palm Beach County and Die Tomassello, environmental engineer for the Area Planning Board.

"(Growers) are invited to attend this special meeting to discuss the 208 plan," County Extension Agent Kenneth D. Shuler said, "and its implications for Glades area agriculture. It has been planned with the Area Planning Board of Palm Beach County for them to describe the purpose, implementation and impact of the 208 plan on agriculture in the Glades area."

Shuler said it's important for growers to become informed now about the 208 plan because it may regulate some of their farming practices in the near future.

"I believe that you, as farmers and sportsmen," he said in a letter to local farmers, "want water that is clean and unpolluted as much as anyone else, but you also want to continue farming and to farm profitably. Please make plans now to attend this special meeting."

## PBJC to vote on union

### Lake Drive-In Theatre

Bobby Joe and the Outlaws

Starring

Marjoe Goetner

BELLE GLADE—Members of the faculty of Palm Beach Junior College-Glades will hold an election from 9:30 a.m. to 11 a.m. Feb. 17 in CR 208 to determine whether they will continue to be represented by the United Faculty of PBJC.

The teachers in the Glades will be holding elections the same day as others located on the central, north and south campuses. Also eligible to vote are librarians and counselors.

Despite months of collective bargaining, first in 1975-76 and then in 1977-78, the union and management at PBJC have never reached a contract.

The Feb. 17 election, like the election which resulted in certification of the United Faculty as the bargaining representatives for the unit, has been called, and will be supervised by the Public Employees Relations Commission of Florida.

The decertification election was brought about by a petition signed by more than 30 per cent of the unit, saying they don't wish to be represented by the union.

The union and the college

recently completed hearings before Special Master Jerome Greene as one of the steps in completing a second round of negotiations after an impasse had been reached in bargaining.

The United Faculty represents about 45 per cent of all employees at the college and there never has been union representation of any of the remaining 55 per cent.

The result of the election will either to continue the collective bargaining process as outlined by Florida law or to have all employees at the college non-union, the condition which existed prior to September 1975.

MOVING DAY left a bit to be desired, furniturewise, for the girls left to answer the telephone in the City Hall Annex last Friday. While the two-day move was going on, the girls who used to man the annex offices took shifts answering the telephone and for some, like Personnel Technician Rhonni Cox, it became a matter of flipping off the shoes, sliding down to the floor next to the door and taking life easy waiting for the few calls from people who hadn't received the word.

**Spanish course is being offered**

BELLE GLADE Richard C. LaJone, R.N., Director of Nursing at Glades General Hospital announced this week that a course in Conversational Spanish for Medical Personnel will be offered through Palm Beach Junior College.

The course will be given on Monday evenings from 7:30 - 9:30 p.m. at the Glades campus. Instructor for the course will be Aurora Varona, R.N., surgical nurse at Glades General Hospital.

**CARD OF THANKS**

The family of Lee L. Rhymes wishes to thank all our friends for their cards, food and prayers which were given during our recent loss. We appreciate everyone's way of expressing their sympathy.

Also, we would like to thank Dr. Solo, the second floor nurses and staff for their care and kindness during Lee's stay in the hospital. A special thank you to Rev. Mark O'Farrell and the ladies of the Belle Glade Alliance Church for their kind help.

## Christian Comments

Over the last two weeks we have discussed the third person of the Holy Trinity, The Holy Spirit. We have looked not in detail but in general terms as to the activity of the Holy Spirit in history as well as the effects and results of the Holy Spirit communication with man.

In this final part we will briefly look at some evidence of communication by the Holy Spirit. One of the reasons this was saved till last is that the evidence we shall look at is still existing today. I am hopeful that this final part will be the beginning and not the end for those of you that are looking for a Spirit filled life. For those of you that have no earthly idea as to what I am talking about, you need to prepare yourself to seek out the convincing call from the Holy Spirit as he tries to tell you Jesus wants to come into your heart.

Being a Christian and Christ-

like means sharing, not only our gifts, but the gift of Salvation with everyone. Today, many churches and too many Christians have taken upon themselves to become judge and jurors of right and wrong. They have forgotten the main purpose of the church -- to share Jesus Christ with everyone. Since our beginning in churches we have learned that Jesus loves everyone.

It's not enough just to know it, we need to share it -- we need to tell it to other people that they might have this joy of Salvation, that they might have this joy of being gifted by the Holy Spirit. The Holy Spirit is for all, just as Jesus is for all.

History has told us that after this period of pentecost, that Christianity began to spread at an unheard of speed. One that if there had not been a Divine intervention, and if it had not have

By Bill Anderson  
Pastor, First Baptist Church  
of South Bay

been in a Godly manner, it would not have spread as fast as it did. These men went into Mesopotamia and Judea, as well as Asia, Africa, Egypt, Arabia and many other nations, for they were filled with the Spirit, and filled with the desire to share not only history, but mankind's foundations.

## SHINED AND READY

"And your feet shod with the preparation of the gospel of peace." Ephesians 6:15.

These shoes fairly shine and sparkle and are ready to take their owner proudly any place. Society dictates that we should be well turned out and that our feet be shod with well-groomed footwear. The Bible tells us that we should be clad in the whole armor of God, and that our feet should be shod with the preparation of the gospel of peace. The gospel is this: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." Romans 8:1

St. Peter advises, "Be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear."

Come to church this week that you might learn of Him and that you might be prepared to give this good news of the gospel to others.

## Pahokee Methodists hold lay witness

PAHOKEE--Are you seeking the "Road to Renewal" in your life? Do you want to find "Spiritual Reality" in your life? If so, you are extended a personal invitation by the First Methodist Church of Pahokee to attend the church's Lay Witness March 10, 11 and 12.

What is a lay witness mission? As defined by church representatives, it is:

People meeting people to share the good news of the gospel of Jesus Christ.

People sharing what Christ has done in their lives and what he continues to do.

People searching for new ways to live the Christian life in our complex society.

People taking time to listen to others and to demonstrate the love God has poured into their hearts through the Holy Spirit.

People sharing with other people the hunger, the joys, the sorrows and the discoveries of their lives.

Lay persons communicating to others what Jesus Christ means to them, and how the good news makes a difference in daily living.

People coming at their own expense to live for a weekend with other people in an experience of witnessing, fellowship and prayer -- all centered on Jesus Christ as Lord.

These are positive definitions. It is equally important to clarify what a lay witness mission is not. It is not an entertainment medium. It has weaknesses because it involves people, so that no one dares chain perfection for the mission.

Who are the witnesses? They are ordinary people who have encountered the living Christ. They are men, women and youth. They are not perfect people or saintly people but people who have been awakened by God to the thrilling possibility of living all of life in Christ. They have been changed in some important ways but they are still being changed by the daily experience of the love and power of Christ.

They are growing Christians who are learning how to witness, how to pray, how to find ministry and meaning in small groups and

how to put their faith to work in the vital issues of life. They are involved in the work of their own local churches!

## Woman's Missionary Union hears Indian program

The morning circle of the First Baptist Church Women's Missionary Union held their monthly meeting at the home of Mrs. Iva Schoepel on Tuesday, Mrs. Margaret Earwood led the group in a most interesting mission program of our American Indians and their heritage. She spoke of the Cherokee in North Carolina and revealed many interesting facts concerning them. Sixty-five percent of them are church members and are proud of their heritage.

Mrs. Gladys Solomonite gave a report on the Seminoles of Hollywood, Big Cypress, and Brighton and on the Tamiami Trail where a related tribe, the Miccosukee live. These Indians, like the Cherokee, are Christians. Life among the Seminole has changed. They revere their traditions, but few hunt and fish for a living anymore.

Mrs. Polly Nutt enlightened the group with many interesting facts of the Choctaw who live in seven communities and on scattered farms in east central Mississippi. The tribe organized in 1945 and within the last decade has begun to take responsibility for its own affairs after a handicap of lack of education for many years.

Mrs. Mary Weir reported on the Western Indian Communities where alcoholism is a serious problem and for Indian teenagers the suicide rate is 100 times that for Anglo teenagers. Warm Springs Reservation in central Oregon is different, different in that its inhabitants are prosperous.

This program on "My Indian Neighbors" was enjoyed by members and visitors alike. Visitors

were Mrs. Marian Moorhead from New Alexandria, Pa.; Mrs. Vera Graybill, Clarion, Pa.; Mrs. Thelma Kacchale, Pittsburgh, Pa.; Mrs. Dorothy Kacchale, Pittsburgh, Pa.; Mrs. Ann Hulme, Detroit, Mich.; and Mrs. Mary Shirey, Greenville, Texas. These ladies are living at the Marine with their husbands during the winter months and have been coming for several years to enjoy the sunshine and good fishing in Lake Okeechobee.

Members present were Mrs. Margaret Earwood, Mrs. Matt Cowart, Mrs. Inez Herring, Mrs. Nina Jensen, Mrs. Amy Strickland, Mrs. Lillie Mae Cook, Mrs. Polly Nutt, Mrs. Mary Weir, Mrs. Rada Bracken, Mrs. Gladys Solomonite, Mrs. Ruby Jones, Mrs. Grace Hutchins, Mrs. Roselee Collins and hostess Mrs. Iva Schoepel.

## Methodists are delegates to conference

BELLE GLADE--Mrs. Miriam L. Dulany, chairperson of evangelism, of Community United Methodist Church, accompanied by Mrs. Gloria John Smith, senior youth leader, and Miss Margaret West, vice president of United Methodist Women, attended the Florida Conference Convocation on Evangelism as delegates, at Lakeland Feb. 3 and 4.

Bishop Joel D. McDavid, of the Florida Conference of United Methodist Churches, presided. Speakers included Dr. Charles Allen, noted writer and minister of Houston, Texas; Dr. James B. Buskirk, Dean of the Oral Roberts University School of Theology, Tulsa, Okla.; and the Rev. George Gill Hunter, III, of the Board of Discipleship of the United Methodist Church, Nashville, Tenn.

## Williams assigned to Sheppard

SAN ANTONIO--Airman William F. Williams, son of Mrs. Thelma S. Williams of 244 S.W. Tenth St., South Bay, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training. During the six weeks at Lackland AFB, Tex., the airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Williams will now receive specialized training in the aircraft equipment maintenance field.

The airman is a 1976 graduate of Glades Central High School.

## Former Pahokee woman granted Sabbatical leave

Mrs. Betty Jo Whitson, granddaughter of Mrs. L.W. Armstrong and the late Dr. Armstrong, has been granted a sabbatical from the University of South Carolina at Aiken for the purpose of researching and developing techniques and procedures unique to the area of pediatrics.

She is the daughter of Mr. and Mrs. Jack A. Phillips, former Pahokee residents, now residing in Fairfax, South Carolina.

Mrs. Whitson is married to Warren B. Whitson, also of Fairfax. Warren is Principal of Jackson High School. They have two children; Kelly, seven and Brian, three.

Mrs. Whitson holds a Master of Nursing as a Clinical Specialist, in

Pediatrics from the University of Florida. She has done further study at the University of South Carolina and the Medical College of Georgia.

Prior to coming to Aiken, she was instructor of Pediatric Nursing in the College of Nursing at USC. Her publications have been included in the "American Journal of Nursing." Mrs. Whitson is known throughout the southeast as a guest lecturer on such topics as "Play Therapy," and Preprocedural Teaching Techniques.

Mrs. Whitson acts as a consultant to various hospitals in the southeast. She is a major lecturer in the area of pediatrics for the Nursing State Board Review held in Columbia semi-annually.

Most recently, she has directed her research and seminars to the "sudden infant death syndrome" and the areas of death and dying and child abuse.

She initiated, planned and implemented the seminar on Sudden Infant Death for Georgia and South Carolina nurses in February, 1976. The Battered Child Syndrome workshop and three seminars on Death and Dying in the fall of the same year.

Her new area of research will be the development of a skills manual for pediatric nursing students which has been contracted for national distribution by John Wiley and Sons, Inc. of New York.

Some of the preliminary research in procedures and techniques will be conducted at University Hospital, Medical College of Georgia and the Nursing Department at USCA. The skills manual is planned as a companion text for pediatric nursing textbook she is writing titled: Contemporary Pediatric Nursing: A Conceptual Approach. This skills manual will be a primary source of information not only for the pediatric nursing student but for the hospital and clinical practitioner as well.

**HEARTS AND FLOWERS** could be the theme these days for Alice Mixson and Sherry Barnes as the local florists get ready for both Valentines Day Tuesday and the Heart Ball Feb. 24 at the Elks Club. Mrs. Barnes is co-chairman, along with Mrs. Sue Bailey, for the ball and Mrs. Mixson is donating her services to decorate the lodge for the annual event. Anyone wishing to reserve a table for the ball, featuring the music by Ray Garcia and his orchestra, can do so by calling Mrs. Deborah Altman at 996-9463 or Mrs. Douglas Wedgworth at 996-9518. Tickets are \$25 per couple.

## Local leaders are told for Glades Heart Drive

Campaign Chairman H. David Faust announced today that Mrs. Billy Rogers, Byron F. Cross and Wayne Mikell will lead the American Heart Association's Commerce and Industry drive in the Glades area this year.

As chairman, the three will be contacting businesses in South Bay, Pahokee and Belle Glade to gather support for the continuing research, public education and community service programs of the local Heart Association.

Mrs. Rogers, beginning her ninth year as a Heart Fund leader in South Bay, received the Service Recognition Medal from the Heart Association last year for her continued dedication to the Heart cause.

In Pahokee, Byron F. Cross,

branch manager of Everglades National Bank, will be heading up the business drive there. Cross said he is encouraged by the news that heart disease has actually shown a decline in the past three years. "It shows how important the work of the Heart Association is," Cross said.

Last year businessmen in Palm Beach and Martin Counties contributed over \$32,000 to the local chapter of the Heart Association. "I believe we can match that, or even do better," Mikell said, "but we will need the support of our local businesses."

Mikell, president of the Bank of Belle Glade, will be working on his third year as a Commerce and Industry leader in the Glades area.

## Emphasis is on missions

The 1978 annual Missionary Convention of the Belle Glade Alliance Church, 425 E. Canal Street N., Belle Glade, will be Feb. 12-19, 7:30 p.m. nightly except Thursday and Saturday. Miss Doris Jacobson, missionary to the Philippines, will be speaking about her work with young people in the Leadership Training Program of the Alliance in the Philippines. A missionary to China until 1949, she then continued her ministry in this land.

Vernon Howard, missionary to Ecuador, will have a unique ministry of sharing the concept of sports evangelism. He is a coach of the Sports Ambassador's Basketball Team at the Alliance Academy in Quito.

The Smith Indian Family, widely known gospel singers, are a genuine American family. Genuine in that they are Chippewa Indians from the Leech Lake Indian Reservation in northern Minnesota. They will present their musical program at 11 a.m. Feb. 12 with special touches of their own Indian music.

At 7 p.m. Feb. 17, there will be a Missionary Banquet in the Fellowship Hall. A film entitled "Peace Child" will be shown along with various curios from Irian Jaya. There will be two informal Coffee Hours, 10 a.m. Monday and 11 a.m. Wednesday, Feb. 13 and 15.

There is no admission charge to any services. Offering will be taken. For further information call 996-9914.

## Garden Club holds January meeting

Sigma  
will be  
ego in  
missed  
sisters.

The Belle Glade Garden Club held their January meeting in the home of Mrs. Lucille January, with Mrs. Alois McAllister, president presiding. The president announced that she plans to attend the three day course on flower arrangement to be held in West Palm Beach. Members were invited to join her in this project.

The club voted to participate in celebration of the 50th anniversary of the City of Belle Glade. Plans for this activity are being finalized and much enthusiasm was shown in support of this project.

A field day trip was planned to attend the Tiger Creek Nature Preserve dedication to be held at the "Mountain Lake Sanctuary" at Bok Tower in Lake Wales on January 29th.

The club set forth on the following Saturday to participate in this dedication. Mrs. Jeannette Cameron chaperoned the group in her motor home and the first stop on the trip was a visit with Mrs. Ina McWhorter Perry in Avon Park. Mrs. Perry is formerly of Belle Glade and has a boarding house for elderly people. She gave the group a tour of the home and explained the many activities that she plans into the daily lives of the senior citizens in her care.

Mrs. Perry is utilizing her many talents in various ways by arranging for arts and crafts classes, crochet work, and other activities the senior citizens may be interested in. A group of the elderly were preparing to go with her to an antique show nearby in the afternoon. Mrs. Perry has 30 or 40 in her care and the club members were impressed by the "home" atmosphere evident.

## Woman's Club to host Heart Fund volunteers

BELLE GLADE—The Woman's Club of Belle Glade will host Heart Sunday volunteers and hear a program presented by Peter Boylan, director of public information for the Palm Beach County chapter of the American Heart Association, during the club's next meeting at 1 p.m. Feb. 16 at the Municipal Civic Center.

Mrs. Guy Wood, program chairman for the day, said the club members would meet at 12:30 p.m. for their monthly buffet luncheon and the volunteers, with Mrs. Edward Duda as chairman,

Forest Buffet House for lunch at Lake Wales. The club members voted for a repeat performance to this restaurant. Next on the agenda was to visit Spook Hill. Members of the club who were experiencing their first time here could hardly believe it really did happen!

Finally arriving at the beautiful "Mountain Lake Sanctuary" at Bok Tower, with the Carillon music welcoming a large crowd for the dedication of Tiger Creek Nature Preserve we found our places amid the hedges of fall blooming camellias and azaleas and other beautiful plants.

The program began with the recorded natural sounds of Tiger Creek and the carillon struck the hour for the speakers on the platform to begin. Special guests included Mrs. Dewey Villareal, president, Florida Federation of Garden Club; the Honorable Reubin O'D. Askew, Governor of Florida; and Mrs. Curtis Bok, president of the American Foundation. The Dedication message was given by Derek Bok, president of Harvard University.

Mr. Kenneth D. Morrison described Tiger Creek best in the following quote: "The water of Tiger Creek is still crystal clear, permitting one to see perfectly every shell, leaf and branch on the sandy bottom of the stream. Sinewy beds of water grass glint in the sun as fish dart from pool to pool. It is a remarkable and freakish thing that this beautiful stream and the mysterious 'Jungle' adjacent to it has been preserved in almost its original condition through the years since its purchase and was contemplated by Mr. Bok in 1925."

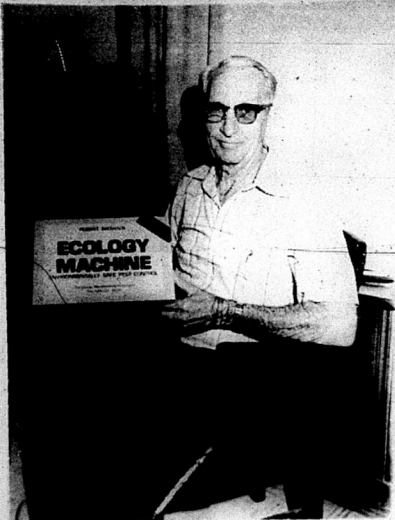

The next stop was the Black

will join the members at 1 p.m. for the program.

Mrs. Wood said Mrs. Duda will also take this opportunity to hand out the Heart Sunday kits to the volunteers. Heart Sunday will be Feb. 26.

Boylan will be showing a film and giving a talk on what the Heart Association does for the community.

The hostesses for the meeting will be Mrs. O'Neal Akers, Mrs. Joe Orenigo, Mrs. W.R. Hooker and Mrs. Ivan Van Horn.

F.L. HARRIS OF BELLE GLADE holds the "better rat trap" which he is now distributing in the Glades. The Amigo is an electronic device he says will clear a house of rats, mice, and cockroaches. Staff Photo

## "Better mouse trap" on sale in the Glades

BELLE GLADE—If you create a better mouse trap, they'll beat a path to your door.

This old adage is about to undergo the supreme test, says F.L. Harris of 872 S.E. 2nd St. in Belle Glade. Harris is now the distributor of the Amigo, an electromagnetic rodent control device which he claims is the "better mouse trap."

The small metal box puts out electromagnetic waves too high for the human ear to hear, but right in line with mice, rats and even cockroaches. In fact, said Harris, the critters are driven mad by the

noise, refusing to eat, drink, or breed.

They soon perish of thirst or starvation.

Harris said his son-in-law is the holder of the distribution of the Amigo throughout the eastern half of the United States and the unit has been thoroughly tested in New Orleans.

There, rats get into grain elevators and destroy hundreds of thousands of dollars worth of grain yearly, but these units have cleared up much of the problem.

The Amigo is registered with the Environmental Protection Agency and has no effect on humans, domestic fowl, dogs, cats, farm animals, earthworms, or plant and vegetable life.

For further information, call Harris at 996-2807.

## Obituary

JUAN ALMAZAN

BELLE GLADE—Rosary services for Juan Almazan, 66, of 301 N.W. Tenth Street, February 1 in the Mixson Funeral Chapel and the funeral mass was said Thursday at St. Philip Benizi Catholic Church with Father Paul Saghy officiating at both rites.

Almazan came to the Glades from Texas in 1966. He was born in San Francisco, Mexico and was employed by Talisman Sugar Company.

Survivors include his widow, Paulita Almazan of Belle Glade; nine sons, Alejandro Rodriguez of South Bay, Joaquin Rodriguez of Brownsville, Tex., Dionicio Rodriguez of Belle Glade, Jose G. Rodriguez of Belle Glade, Juan Almazan Jr. of South Bay, Jesus Almazan of Belle Glade, Juadalupe Almazan of Lake Worth, Benito Almazan of Lake Worth, Reynaldo Almazan of Lake Worth; six daughters, Maria Delaluz Soriano of South Bay, Elodia Garcia of Belle Glade, Maria Elena Compean of Belle Glade, Blanca Aurora Camacho of Belle Glade, Janie Gonzalez of Belle Glade and Paulita Soriano of South Bay; one brother, Valentin Almazan of Mexico; two sisters, Aurora Flores of Mexico and Maria Lopez of Brownsville, Tex.; 51 grandchildren and ten great-grandchildren.

Burial was in the Queen of Peace Cemetery in West Palm Beach. Mixson Funeral Home was in charge of arrangements.

## Coggins graduates with honors

LAKE CITY—A Belle Glade student recently graduated Summa Cum Laude with an Associate of Arts degree and a certificate in Corrections from Lake City Community College.

Dennis Elvin Coggins of Belle Glade was one of three students to earn the honor. Graduating Summa Cum Laude means the student must have earned a grade point average of at least 3.75 of a possible 4.0.

Coggins was one of 99 students completing requirements for graduation at the end of the fall term of the 1977 academic year.

## CARD OF THANKS

We the family of Marie V. Sapp gratefully acknowledge the many acts of kindness shown to us during the recent death of our loved one.

For the love, prayers, visits, flowers and food, we will ever be thankful that we have Christian friends that share with us in our time of need.

Love in Christ,  
M.J. and Judy Sapp,  
Marie and Arnold Hughes  
and families.

## Tickets on sale here for Tillis LaBelle show

BELLE GLADE—Tickets for the Mel Tillis Show to be held Feb. 24 at the 12th Annual Swamp Cabbage Festival are on sale at Carter Electric at 408 S.E. Ave. E.

Tillis and his band, the State-siders, have also offered to stay on to play for the dance following their performance in the Country Music Show, saying he saw it as an opportunity to "renew" old friendships with Lake Okeechobee area fans who have "been my friends from back in my Pahokee days. It's been 20 years since I left Pahokee in a '48 Merc with only a pocketful of songs and an unemployment check. I've been back a couple of times but always bound by a tight engagement schedule. This time I'm going to stay and enjoy myself," Tillis said.

An ex-railroad linesman who took a childhood speech handicap and turned it into an ad lib comedy style that springs from personal experiences, Tillis is considered to be one of the funniest entertainers in or out of country music.

Each year, the City of LaBelle reserves the last weekend in February in which to flounce her ruffled skirts and come out with the down-homey country shindig known as the Swamp Cabbage Festival, a tribute to the Florida pioneering spirit and the state tree.

## Young adult estate plan

If you're 15 to 22 years old, you can start your life insurance program with \$10,000 in term insurance for just \$49.00 a year! When you're 23, your policy converts to permanent insurance at rates you'll be able to afford. It's called Nationwide's "Young Adult Estate Plan," and it's worth checking into call.

A NEW FIRE TRUCK was welcomed to Belle Glade Tuesday morning by Fire Chief A.E. "Pete" Webb (far right) as an additional primary response piece of equipment. Webb said the engine, boasting a 1,000 gallon per minute pump, needs only to

have minor equipment installed and hose loaded before it will be ready to answer calls. He said the truck, along with two other engines, now brings to three the number of front line engines the city has available.

# Profile In Business

**BELLE GLADE**-Leonardo Navarro and Juan Camero are the owners of the Belle Glade Fire Service Station located at 281 S. Main St. in Belle Glade.

The Belle Glade Fire is a full service station offering the best mechanic work in town, according to the owners.

Services such as oil change, front end work, valve jobs,

brakes, tune-ups, all types of bearings and other services are available at good prices and with fast service.

Juan and Leonardo purchased

the station almost two years ago. After they were both out of school neither one had decided on what they wanted to do in the future, and when the chance to buy the Fire station came up Juan and Leonardo thought it would be a good opportunity.

Until now they have no regrets; on the contrary the business has prospered very much and it increases every day. The good location and the prompt friendly service makes the customers come back.

**ADVERTISING AND NOTICE TO CONTRACTORS**  
Sealed bids will be received by the City of Belle Glade, Palm Beach County, Florida, at the City of Belle Glade Community Development, Planning and Zoning Board, 203 S.W. 5th St., Belle Glade, Florida, 33408, until 11:00 a.m. Local Time, February 28, 1978, at which time all bids then received will be publicly opened and read aloud. The work to be performed includes: manholes, sewer lines, water materials and services for the construction of approximately 3,150 L.F. of 8" F.V.C. mainline, manholes, and sewerage treatment apparatus work within the City of Belle Glade. Any bid received after the designated time will be returned unopened to the Bidder.  
Plans, specifications and other contract documents may be obtained at the office of the City Engineer, Barker, Ochs & Anderson, Inc., 460 U.S. Highway One, Suite 202, North Palm Beach, Florida 33408, upon payment of \$30.00 per set. Copies of the above described documents may be loaned by prospective bidders at the Belle Glade Community Development Department or at Consulting Engineers.  
Any bidder submitting a bid for this work on bid documents provided by the City and in accordance with requirements of the City, upon returning the plans and specifications in good condition to the Consulting Engineer's office within 30 days from the receipt of bid, will be refunded 50% of the payment for one set only of plans and specifications. Refunds will not be made for purchase of additional plans and specifications nor will refunds be made for non-bidder's bid or non-bidder's bid.  
All bids shall be sealed and put in the blank proposal forms provided, and enclosed in a sealed envelope addressed to the Director of Community Development, City of Belle Glade, 1224 S.W. Avenue E, Place, Belle Glade, Florida 33408 and plainly marked on the outside "Bids for Reconstruction of Gravity Sewers from SW Avenue to SW Avenue F between SW 4th Street and SW 4th Street, Contract No. 1088." Bids shall be accompanied by a satisfactory bid bond, cashier's check, or a certified check drawn upon any State or National Bank in Florida, made payable to the City of Belle Glade in the amount of 5% of the bid price but not to exceed the City's successful bid.  
The successful bidder shall furnish and install a Performance and Payment Bond, each in the amount of 100% of the total bid price, said bonds being executed on the contract award date and due to the City of Belle Glade. A maintenance bond guaranteeing repairs shall be required due to improper work or workmanship for a period of one year after acceptance of the work by the City.  
This project is to be financed by the City of Belle Glade Community Development Department. Grant Program awarded to the City of Belle Glade by the U.S. Department of Housing and Urban Development. However, neither the United States or any of its departments, agencies or employees is or will be a party to this invitation for bids or any resulting contract. Bidders must comply with the President's Executive Order No. 11546, which prohibits discrimination in employment on the basis of race, creed, color, sex or national origin, Title VII of the Civil Rights Act of 1964, the Anti-Kickback Act of 1974. Bidders must certify that they do not and will not maintain or provide for their firm or any of its subsidiaries, employees, or agents on a basis of race, creed, color or national origin.  
If the prospective contractor exceeds \$10,000 and the Contractor has 100 or more employees, he shall be required to file Standard Form 100, "Employee Information Report," with the Joint Reporting Committee, P.O. Box 12, Springfield, Va. 22150 within 30 days after the contract award and annually on or before March 31 thereafter for the life of the contract.  
If the prospective contractor is for \$50,000 or more and the successful bidder has 50 or more employees, he shall be required to develop and place in file within 120 days of the contract award, a written affirmative action compliance program using Form AD-423, "Contractor's Affirmative Action Plan," with the Joint Reporting Committee. Opportunity for minority and women-owned business enterprises is hereby encouraged.  
The contract exceeds \$100,000, the Contractor agrees to comply with all the requirements of Section 114 of the Clean Water Act and of the U.S.C. 1957-C-9 (Section 303) of the Water Pollution Control Act (33 U.S.C. 1318) relating to inspection, monitoring, reporting, and information as well as all other requirements specified in Section 114 of the Clean Air Act and Section 308 of the Water Pollution Control Act and all regulations and guidelines issued thereunder.  
Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Cont. Documents shall be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.  
The City of Belle Glade reserves the right to hold the bid without action for a period of 30 days from the date of opening. The City further reserves the right to reject any or all bids or to accept any bid and to award the contract to the best interest of the City.

In Clewiston Feb. 15

# Hearing set on raising lake level

The U.S. Corps of Engineers has scheduled a public meeting to be held Wednesday, Feb. 15 at 7 p.m. in the Clewiston Youth Center for the purpose of informing the general public about raising the level of Lake Okeechobee. The meeting is one of two scheduled, the first being held in Miami the day before.

The notice is as follows:

A public meeting will be conducted by the Corps of Engineers and the South Florida Water Management District at the time indicated above concerning a proposed interim lake regulation schedule for Lake Okeechobee, Florida.

Project works have been under construction around Lake Okeechobee which would allow the lake regulation schedule to be safely raised from a 13.5 - 15.5 foot range to the 15.5 - 17.5 foot range. Construction has progressed to the point where the proposed schedule can now be implemented. This

schedule was developed considering comments received at a workshop in West Palm Beach on July 13, 1977. Another workshop on Dec. 7, 1977 was held to discuss the proposed schedule. This schedule received support from the majority of those who participated. The new schedule, will allow additional storage for water supply for agriculture, urban areas and Everglades National Park.

The purpose of the meeting is to inform the public of the proposed new lake regulation schedule and to obtain views thereon.

All interested parties are invited to be present or represented at the meeting. They will be given the opportunity to express their views freely, fully and publicly concerning the schedule. All comments will be recorded and made a part of the official record and will be carefully considered, according to Donald A. Wisdom, Colonel, Corps of Engineers, District Engineer.

## Attempts to get park hit snag

BELLE GLADE-Attempts by the city to get a 14-acre plot of land near the city airport for use as a park has hit a snag but city officials decided in a workshop session Monday to keep trying.

Commissioners told City Manager Robert R. Sanders to continue attempts after being informed by Glades Correctional Institution Superintendent R.V. Turner GCI wouldn't recommend the state turn over the land to the city.

Turner cited, in a letter to Sanders, Sargent requests from Palm Beach County, the Department of Health and Rehabilitative Services of the State and the City of Belle Glade for land currently used by the institution.

"Additionally," he wrote, "re-

cently we have transferred 80 acres of land to the Palm Beach County School Board as well as some 2,500 acres of land in exchange for a new institution in Hendry County. We currently are running cattle on all of the available land at this institution and feel that the current request would probably make a severe impact into the ability that we have to properly pasture our cattle.

Turner said he would consider a request for lesser acreage in the same location and reaction could be expected almost immediately on that request.

"If this is going to hurt their cattle business," Commissioner Claude Tindall commented, "they might as well go out of business anyway. They're on shaky ground."

The commissioners decided to take the matter up with the Palm Beach County Legislative Delegation when it meets in Belle Glade Friday morning and authorized Sanders to notify Turner attempts to get the land would go ahead.

In other business, the commission-

\* Decided there was nothing the city could legally do about a request by Mr. and Mrs. Lawrence Flock of 125 S.E. Seventh St. to repair a sewage line installed by the Flocks in 1965 and tapped into in 1972 by the Lutheran Day School.

The city administration had been authorized at the last regular commission meeting to explore "practical and legal" means of relieving the Flocks but was warned by City Attorney John Baker they couldn't legally repair the line unless they could get an easement.

Sanders said there isn't sufficient room on the Flock property for an easement and none of the Flocks' neighbors were willing to relinquish an easement.

\* Decided to hold off action on a

request by the county to take part in a joint Community Development project to provide water and sewer lines in Chosen until the city is assured the city won't lose allocated connections and the residents of the area want the improvements along with the attendant monthly bills.

\* Approved a request by Public Works Director Ron Sigmund to install a Dreflowk system of cutting down turbidity in the water at the city water treatment plant. Sigmund said the alum now being allowed may not allow the city to remain within Department of Environmental Regulation standards much longer and the city might have to begin publishing notices its water isn't up to standards.

\* Gave the green light to a request by the city Recreation Department to begin the process of getting tournament lighting for two double tennis courts in Lyons Park.

\* Approved, if City Attorney John Baker finds it's legal, to the Recreation Department to begin holding Bingo games for campers at the Belle Glade Marina.

**ROTARY CLUB DIRECTOR** Roy Burch spoke Tuesday at the regular meeting of the Belle Glade club, telling the membership of the important duties of club service and the numerous committees needed to make a Rotary Club go.

**Wrisper** — Continued from Page 1 —

Cherry Lockwood, a prospective witness, out of the state this week.

Miss Lockwood is one of three women Wrisper allegedly procured for prostitution. All three had pled guilty to the charge of prostitution and have served two weeks in jail each.

Wrisper's father, Bishop Willie Wrisper Sr., asked the commission Tuesday evening for an audit of the entire city, saying that if one city official and one department was going to be investigated, the investigation should cover the entire city government.

"Another party," Wrisper said, "and I won't call any names, left the city and you wouldn't check him. As a citizen, I feel we have the privilege of having the books checked before we move into the new city hall."

Mayor Billy Wells pointed out to Wrisper that the entire city had been audited by an Orlando firm late last year and the audit had been received in December.

"That was by people you know," said Wrisper.

Gann told the commissioners, when Tanner suggested another audit could be performed if Wrisper or someone else wanted to pay for it, that only the commission could authorize a city audit.

"These firms are certified by the state," Gann said, "and the city doesn't know what's going to be included in it until it's received. That's all you need to say."

Tanner said that when the special meeting convenes Tuesday, another item on the agenda should be an update on efforts to get a new city manager.

## Annual sugar cane field day is Tuesday

BELLE GLADE-The Ninth Annual Sugar Cane Harvesting Field Day will include enough items on the itinerary this year to last two days, with tours of the Belle Glade-Clewiston area lasting all day both Tuesday and Wednesday next week.

The Field Day, sponsored by the Florida Sugar Cane League, the USDA harvesting Laboratory and the Florida Cooperative Extension Service, will begin at 8:30 a.m. Tuesday with registration at the Agricultural Research and Education Center here, where manufacturers and dealers will have equipment on display both days.

The tour will depart from the ARFC pavilion at 9 a.m. both days. An air conditioned bus will be available and its use is being encouraged to minimize traffic congestion in the fields.

Demonstrations of cane harvesters, planters and other cane handling equipment are scheduled during the two day tour of the sugar cane growing region of the Everglades.

Research or developments by manufacturers, producers and public agencies will be viewed. Representatives of domestic and foreign manufacturing firms will be present to discuss the performance of their equipment under field operating conditions.

Of particular interest will be the demonstration of two new harvesters being used for the first time in Florida and a demonstration of several harvesters cutting unburned cane.

## South Bay approves bids

SOUTH BAY-Bids on contracts to more than double the city's water storage capacity were approved Tuesday evening during a regular city commission meeting.

The commissioners approved a split bid to Barile Excavating and Pipeline Co., Inc. of Lake Park in the amount of \$46,546 to extend the city's water lines and a bid by United Steel Erectors, Inc. of Hollywood in the amount of \$426,750 to build a one million-gallon water storage tank.

The bids will now go to Farm Home Administration for approval. The city's approval was of a recommendation made by Erik R. Osha and Anderson engineer John Whitmer.

The two bids approved came from a total of six bids submitted for the construction job.

ty Property Appraiser Dave Reid after Reid spoke to the local club last week.

## Public invited to Chamber coffee

BELLE GLADE—The board of directors of the Belle Glade Chamber of Commerce has extended an invitation to the public to stop by the Burger World, right across East Main Street from the Chamber building, from 7:30 to 10:30 a.m. today for coffee and donuts.

The coffee is the method being used by the Chamber to both kick off a membership drive and to get into closer contact with members. Directors will be on hand to meet members and prospective members and discuss Chamber business with them.

The members were notified last week of the meeting by letters which also posed the three questions, including: "Would you like for the Board of Directors and the merchants to hold joint meetings: monthly, quarterly or semi annually? Do you favor a Senior Citizens Discount Day? And What can the Chamber of Commerce do that would benefit you most?"

The coffee is the brainchild of Chamber President Dale Stapp and Director John Turnbull and

whether the meetings will continue will depend on the response to this one.

## New Social Security office opens in Glades

BELLE GLADE—The Glades area began receiving full-time Social Security services Monday morning when a new office at 233 S.W. 16th St. (SR 715 across from the Florida State Employment Service office) opened at 9:30 a.m.

George H. Pyknen, Social Security Field Representative, said the new office is considered a permanent contact station and will handle the full range of services, including Medicare and SSI (Supplemental Security Income).

The office will be responsible for handling Social Security services for all the area west of 20 Mile Bend in Palm Beach County, replacing a system by which Glades residents were contacted at the Glades Office Building on Tuesdays, the Palm Beach County Health Department on Northwest

Tenth Street on Mondays and Wednesdays and a contact station at 585 Bacom Point Rd. in Pahokee on Thursdays.

Pyknen said the office hours will be 9:30 a.m. to 3:30 p.m. Monday through Friday, and besides himself, the office will be manned by Dana Ingrani, a claims representative and Miss Sherri Turnbull, a secretary.

Announcing the opening of the new office, U.S. Congressman Paul Rogers said last week, "I am pleased to see that his new office has been established to serve the Glades area residents and I know it will be a great convenience to them."

All three of the personnel manning the office live in West Palm Beach and will commute back and forth each day, Pyknen said.

## Heart Rock dance tickets available

PAHOKEE—Anyone planning to attend the third annual Heart Rock Dance Saturday, Feb. 11 should purchase their tickets now.

The dance will be held at the Pahokee Elks Club from 9 p.m. until 2 a.m. Proceeds will go to the Palm Beach County Heart Association.

Tickets are a donation of \$20 per couple and may be purchased either in Pahokee or Belle Glade. In Pahokee Sandy Maynor can be reached for tickets during the day

at 924-7175 or at night, 924-2101. In Belle Glade, tickets are available at ElCetera, 364 So. Main St., phone 996-1014. Music will be provided by Aviator of Ft. Pierce. Among their dancing selections are "I Wish" by Stevie Wonder, "Brick House" by the Commodores, "Back In Love Again" by L.T.D., "You'll Never Find" by Lou Rawls and "Margaritaville" by Jimmy Buffett.

Co-chairman Sandy Maynor and Carlene Raby hope for a successful turnout at the benefit dance.

## Miss Hill is accepted by Cowan

MURFREESBORO, NC—Suzanne Hill of Belle Glade, a senior at Glades Day School, has been accepted for admission to Chowan College for the fall semester, beginning August 27, 1978.

Chowan College is a two-year, co-educational, residential college. For students wishing to pursue the baccalaureate degree in senior colleges and universities, Chowan College offers thorough educational opportunities in most professional fields. Students whose formal education will not extend beyond the associate degree can enter the world of work in business, accounting, secretarial administration (legal, church, medical), merchandising management, printing technology, photography, and communications art.

Chowan College has an enrollment of approximately 1,000 students representing 25 states and 14 foreign countries. Chowan offers opportunities in 11 professional fields: business, English, fine arts (music, dance, art), graphic arts, photography, health and physical education, language, mathematics, religion and philosophy, science, and social science.

## Pahokee wrestlers win District 14 team title

DELRAY BEACH— Though not much is said concerning the Pahokee High School wrestling team, they continue to take their silent wins. The Pahokee Blue Devil wrestling team, which has yet to lose a 3A conference game, showed their skills this season and continued to show them during the District 14-AAA tournament in which they ran away with the team title by earning 162½ points.

Seven wrestlers from Pahokee won first place titles in the District tourney. They were: Terry Walker

in the 101 weight category, Co-captain Larry Wiley in the 118 category, Doug Thompson in the 148 category, co-captain Joe Miller in the 158 category, William Joseph in the 170 category, Frank Walder in the 188 category, and Pompey vens in the unlimited category.

Assistant Coach Larry Drake said, "What Pahokee has done is not done by one wrestler in particular but by team effort. Pahokee is not aware of their talented wrestlers but they have them and they will be around a

long time to come."

"As far as any special recognition should go, I believe William Joseph, who's a senior, and James Hollis, who's also a senior, need a pat on the back for their pronounced leadership to the team."

Next Friday and Saturday, February 17 and 18, Pahokee will go to the Class AAA-Regional tournament to be held in Ft. Lauderdale at Dillard High School. The public is invited to get out and support our District Title wrestlers.

### Inter-city rival game

## Christian Day loses to Gators

IN THE ENCOUNTER OF THE SECOND KIND Glades Day School out-classed the Christian Day Crusaders 75-39 Saturday night. In their first meeting earlier this year, the Gators won 84-50.

Staff Photo

BELLE GLADE—Christian Day's Crusaders lost for the second time this year to their in-town rivals, the Glades Day Gators Saturday night by a 75-39 margin.

The first game earlier this year found the Crusaders on the short end, 84-50.

But the Junior High Crusaders did somewhat better, winning 38-36.

Bad shooting from the foul line in part accounted for the loss. They were only nine for 35 in free throwing.

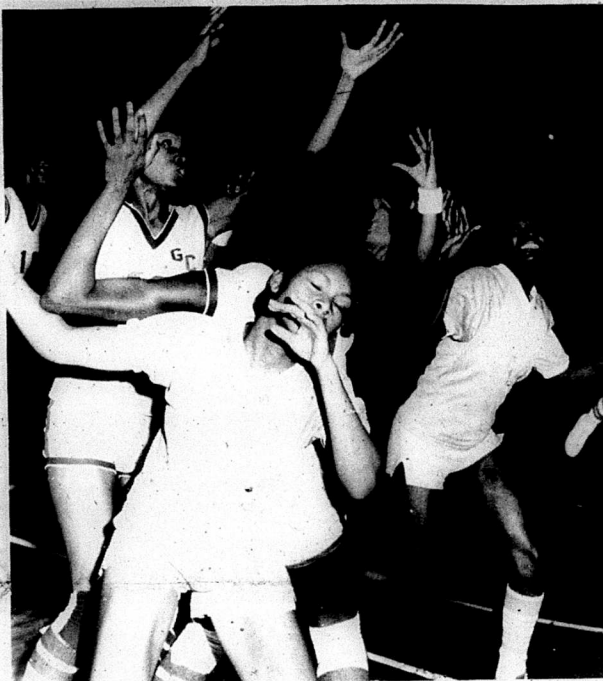

Ken Warren and Bill Taylor led the Crusaders with ten points each followed by Alan Bowen with nine, and Jesus Armas with seven.

Steve Smith led them under the boards with 14 rebounds.

On the Gator side, Don Henderson scored 20 points with Jon Scruggs getting 12, and Tommy Duda and Winston Byrd ten each. In rebounding, Quique Echave, Duda, Scruggs, Byrd and Henderson each had around ten. Echave also scored ten points.

In Junior Varsity action, Glades Day's Gators overcame the Crusaders to the tune of 65-27 with the second quarter making the difference. In it, the Baby Gators outscored the Crusader Cubs 25-8.

Gator varsity coach Dick Schmidt said the win raised the Gators to 10-4 for the season and the Junior Varsity to a 5-5 record.

WHILE A GROUP of Glades Central and Clewiston players battle for the loose ball, the Clewiston girl in the foreground appears to be almost bored with the activities taking

place around her. The picture was made during a recent Raider-Tiger game which found Glades Central on top of the scoring.

staff Photo

## Nice weather attracts fishermen

The nice weather on Thursday and Friday brought a capacity crowd to our area for the weekend. Most of the fishermen reported some action, however, the high winds drove many off the lake and those who did fish had to search for clear water.

The Winne's Cove area produced most of the catches of bass reported over the weekend.

Randy Smoot of North Palm

Beach used a plastic worm on Saturday morning to take a 9½ pounder.

Jim Sturgill of Ashland, Ky. used live shiners to take a 7½ pounder on Saturday morning.

Eddie Collision of Davie reported a 7½ and a 5½ pounder on Saturday afternoon.

Herschel Hale of Lancaster, Ky. used a purple worm on Saturday to take an 8½ pounder.

Ft. Lauderdale angler Melinda

Beasley used a shiner on Sunday to take her 8½ pounder.

The largest fish reported last week came from Roy Fogel of Freedom, New Hampshire who used a shiner to take a 120¼ pounder on Saturday afternoon.

Bill Watson of Belle Glade reports that speck fishing showed some improvement over the week end as he came in with his limit on Sunday night using live bait.

Nan Corbin

## Raider wrestlers win second

BELLE GLADE—The Glades Central wrestling team tied Cardinal Newman for second place in the District Four wrestling tournament in Delray Beach Saturday, trailing Pahokee High and beating out the Atlantic High team.

Four Raider matmen won first place in their weight divisions according to Coach Jessie White and he has hopes as many as three of those will qualify to go all the way past the regional tournament Friday and Saturday in Fort Lauderdale to the state tournament Feb. 17-18 in Fort Myers.

White said all ten wrestlers on the team will compete in the regional tournament since there were only four teams in the district matches and the four top wrestlers in each weight division are eligible.

He said a total of 192 wrestlers representing 20 teams will meet this weekend at Dillard High School in Fort Lauderdale.

The four Raiders who brought home first place wins in their divisions were Charles Neal at 130 pounds, Raymond Rodriguez at 123 pounds, Richard Ford at 109

pounds and Carlos Rosario at 141 pounds.

A fifth wrestler White said he'd expected to win his district match was unable to compete after being injured in a freak accident last week. White said Preston Vickers re-injured the leg he'd injured last year during football play while bending over to pick up a pencil.

"Preston had a very good year," White said, "with a 15-4 season. He was the conference champion this year and he placed second in his division during the Christmas tournament."

White said he was pleased with the second place tie won during the district tournament by the Raiders, pointing out that going in with only ten wrestlers, any team is forced to forfeit a number of points.

The Raiders have been weak all year in the heavier weight divisions. White said, because of a lack of depth there but the team is stronger in the lightweight divisions, with as many as five wrestlers in each of those positions.

He said he was particularly impressed by Richard Ford's first

place win in the 100 pound division because while Ford had started the year slowly, he had been progressing all year and outwrestled several good wrestlers during the tournament.

He landed Rosario, saying the 141 pounder won the Palm Beach Junior College tournament last year as well as the district championship and coming in third place in the regionals.

"Rosario has been very, very promising," White said, "and I feel he has a chance of winning the state championship this year." He said Rosario has a 19-0 record this year, winning four matches by pins on his way to an undefeated season.

He said he hopes Raymond Rodriguez and Charles Neal can also qualify to go to the state tournament. Rodriguez has an 18-5 record and Neal has a 13-4 record so far for the season. He said Neal has wrestled most of his matches at 115 or 122 pounds and should continue improving at the lighter weight.

The Raiders as a team are 5-9 for the season.

RAIDER WRESTLERS making up the team going to the regional tournament this weekend include (front row, from left) Coach White; Charles Neal, 109 lbs.; Carlos Rosario, 141 lbs.; Richard Ford, 130 lbs.; Ray-

mond Rodriguez, 123 lbs. and trainer Aaron Fields. In the back row are Tyrone McCleod, unlimited; Craig Faye, 159 lbs.; Keith Seymour, 135 lbs.; Jimmy McClorin, 102 lbs. and Ramondo Vickers, 115 lbs.

## Blue Devils with 12th cage game

**PAHOKEE**— After overpowering  
Cardinal Newman the previous  
night, the Pahokee Blue Devils  
kept up the winning surge in the  
Pahokee gym with 83-73 victory  
over Okeechobee Saturday night.

Pahokee scored only eight points  
in the first quarter while the  
Brahmans led with 14. But Coach  
Eddie Rhodes' Blue Devils came  
back in the following quarters to  
lead the scoring and clinch their  
twelfth win of the basketball  
season. Their record is 12-5.

Stafford Everett put the most  
points on the board, racking up 30.  
He was followed by Willie Pickens  
with 18, Ronnie Osborne with 12  
and Charles Biggs with 11. Also  
scoring for the Devils were Ned  
Baldwin with six points, Osmond  
Edwards with four and Coleman  
Chisem with two.

The Brahmans had three double  
figure scorers.

## Pahokee loses tennis match to Lake Worth

**PAHOKEE**— Thursday, February  
2, The Pahokee High School tennis  
team and the Lake Worth tennis  
team held matches here at the city  
tennis courts. Together these two  
teams fought for the win in which  
Lake Worth proved the most  
deserving. Lake Worth's boys  
team had a 7-0 victory over the  
Pahokee boys and Lake Worth's  
girls had a 4-3 victory of the  
Pahokee girls.

Although Lake Worth won the  
overall competition, number one  
seeded Melba Moran and number  
two seeded Lisa Cook, who are  
both sophomores at Pahokee dominated  
Lake Worth's top two girls in  
their singles matches with  
Moran's score being 8-6 over Ontia  
Bazauri and Cook's score being 8-3  
over Lorraine Middleton. Recognition  
should also go to Andra  
Nagler and Ina Seiden who won  
their doubles match against Lake  
Worth's Lorraine Shimb and  
Debra Rover 8-6.

When the matches were over  
the teams didn't go home. Instead  
they enjoyed a cookout in the  
parking lot which has become  
tradition between the two teams.

## Special bike motocross race is set

"There should be some fantastic  
racing," Mrs. JoAnne Palmer said  
enthusiastically while describing  
the special bike motocross races  
the Cane Country BMX Association  
has planned for Sunday,  
February 12th.

The races are scheduled to start  
at 1 p.m. on the BMX Association's  
dirt track located at the Clewiston  
Fairgrounds.

Mrs. Palmer said there will be  
riders coming in from Fort Lauderdale,  
West Palm Beach and added  
that one boy is coming from California  
for the special races.

There will be racing in all classes  
beginning with the six and under  
group and going right through 15  
years of age.

2—EVERGLADES HOMEFRONT, Thurs., Feb. 9, 1978

## Glades Day Gators win week's games

**BELLE GLADE**—The Glades Day  
Gators advanced to a 10-4 record  
this week on the heels of victories  
Tuesday, Friday and Saturday.

On Tuesday night, the Gators  
narrowly defeated Benjamin 51-50  
in overtime with the game hero  
being Winston Byrd. Byrd scored  
all five Gator points in the  
overtime, giving the Gators their  
one-point average.

Quique Echave led the team  
with 13 points followed by Ken  
Buckner with 12 in rebounds,  
Tommy Duda and Jon Scruggs  
tied with 11 all.

In Junior Varsity action, the  
score wound up 42-37 with the  
close one going to Benjamin.

Friday night, Jupiter Christian  
fell to Glades Day 69-48 with Duda  
and Echave tying for points  
honors with 14 apiece. Byrd  
followed them with ten.

The Junior high game went to  
the Gators when the hatchlings  
moved ahead 56-44.

Saturday night, the Gators  
defeated Christian Day (see  
separate story) 75-39.

This week, they take on tough  
Everglades City Friday night, at  
home then Saturday, face Palm  
Beach Academy, also at home.

Coach Dick Schmidt selected  
Tommy Duda as his Player of the  
Week. Duda is a senior and is 6-3  
and 170 pounds. He has been  
averaging 12 points per game and  
between 12 and 13 rebounds.

## Christian Day's girls beaten by Hollywood

The Christian Day School girls  
team played at Hollywood  
Christian on Friday, February 3.  
They were defeated by a score of  
39 to 28. This loss moves their  
record to 8 wins and 5 losses.  
The high scorer for Christian Day  
School was Doris Acee with 8  
points.

In future action, the girls and  
varsity teams will play Summit  
at King's Academy Thursday night.  
On Friday, February 10, the  
Crusaders will play at home  
against Indian River. The girls  
game will begin at 6:30 p.m. and  
the varsity will play at 8 p.m.

Saturday, February 11, Chris-  
tian Day goes up against Tampa  
Prep, with the girls playing at 3  
p.m. and the varsity at 5 p.m. On  
Monday, the 13th, three Christian  
Day teams meet Jupiter Christian  
at home. The junior varsity team  
will play at 5, the girls at 6:30, and  
the Varsity at 8 p.m.

On Tuesday, February 14, there  
will be two games played at home.  
The junior high will meet Lake  
Worth Christian at 6:30 p.m. and  
the Junior Varsity will play Lake  
Worth Christian's Junior Varsity  
team at 8 p.m.

## Gators give tennis schedule for season

BELLE GLADE—The schedule for boys and girls tennis teams at Glades Day School have been released. The schedules are as follows:

### GLADES DAY TENNIS 1978

2/20	Clewiston	3:00	Away
2/22	John Carroll	3:00	Home
2/27	Boca Raton Academy	3:30	Home
3/1	John Carroll	3:00	Away
3/2	Martin County	3:00	Home
3/6	Palm Beach Academy	3:00	Home
3/8	Clewiston	3:00	Home
3/14	King's Academy	4:00	Away
3/16	Jupiter	2:30	Home
3/17	Benjamin	3:30	Away
3/22	Boca Raton Academy	3:30	Away
3/30	Jupiter	2:30	Away
3/31	King's Academy	3:30	Home
4/3	Benjamin	3:30	Home
4/6	Palm Beach Academy	3:00	Away
4/12	District (April 12-15)		

In girl's tennis, a ten-member team is expected with tryouts beginning last week and continuing through this week. Bo Wigley is the leader and is expected to hold her number one position, but the rest are up for grabs. Other team members include Denise Hooker, Monica Hooker, Susie Stevens, Shelley Sniffen, Nancy Creech, Evelyn Galus, Anita Arrieta, Cheryl Hooker, and Peggy Carpenter. Four of the girls are in the eighth grade and five are seniors this year.

## Pahokee girl makes PBJC softball team

PAHOKEE—Angela Holloway of Pahokee is one of 18 girls on the roster of Palm Beach Junior College's Women's Softball Team. Angela plays in the centerfield position.

John Anderson, coach, has initiated what he calls the "Three C System" with the team, which begins its season March 6 playing Broward North in a 2 p.m. home game.

"The three C's are cooperation, communication and congratulation," Ander says.

"Every girl on the team must cooperate, whether on the field or on the bench; there must be communication between the infield and outfield and between partners; and if anyone makes a good play, the other members must congratulate her," the Coach explains.

## Airboaters organize lake group

BELLE GLADE—A group of concerned airboaters are attempting to organize a club on Lake Okechobee.

At the first meeting last week in Pahokee, 15 airboaters met with representatives of the Florida Game and Freshwater Fish Commission to get ideas and clarify the feelings among airboat owners.

A meeting was to have been held in South Bay last night to gain additional information and potential membership. The group has decided to call itself the Big Lake Airboaters.

Also at the meeting last night, a representative of the Florida Airboat Association was scheduled to be on hand to tell the group of benefits in affiliating with the statewide organization.

At the first meeting, many of the airboaters expressed a concern for safety in airboating and the adverse reputation some airboaters have been giving the sport in general.

They agreed an organization such as this could do much to promote airboating as a sport and in addition, as a service to the public such as search and rescue units.

The group also decided to hold such functions as barbecues for its members and guests and to sponsor airboat trips around the lake and elsewhere.

For further information, contact Rick Henderson at 996-7847 or Steve Wilkinson at 924-2681.

FRED HOSACK, President

UP, UP AND AWAY goes Blue Devil Ronnie Osborne (20), who scored 12 points against the Crusaders Friday night. The Devils gave Cardinal Newman something to gasp at with a 63-39 win.

## Strong pressure results in Blue Devil victory

PAHOKEE—Following a slack first quarter with only a one point lead, the Pahokee Blue Devils applied strong pressure to come up with a 63-39 win over the Cardinal Newman Crusaders Friday night.

Though the Devils felt the absence of guard Joe Brown, they didn't stay low for long. Brown was out of town visiting on a scholarship offer.

Pahokee outscored the Crusaders in each quarter, being ahead 29-14 at the half. Other double figure scorers were Osmond Edwards with 13 and Ronald Osborne with 12.

The win gave the Devils their 11th victory before facing Okeechobee the next night.

Raiders hold on to ranking

BELLE GLADE—The Haynes and Weston show came to town Saturday night, with a supporting cast of four, and put their act together to hold onto Glades Central's number ten ranking in the state with a 95-74 shellacking of Jupiter High.

Jessie Haynes sank 39 points and Melvin Weston pitched in with another 24 to spark the Raiders in their 13th win of the season. The game was the only one of the week for them as they rested up for Cardinal Newman, Clewiston and North Shore this week.

Some of the edge was taken off this Saturday night's home-gym confrontation with the Mustangs however, as North Shore slipped to second place in the state on the heels of an 85-79 decision against Key West while the Raiders were drubbing the Warriors.

Almost as though he were spotting the Warriors, now 2-11 for the season, points, Raider Coach Jay Seider started the game short five players, including two starters and three reserves.

The other Glades Central players picked up the slack though, with Haynes and Weston being followed by Michael Staples' 12 points, Rufus Chambers' seven, David Jones and Joe Byrd with six each and Todd Darville with one.

## Public Notice

Notice is hereby given that the City Commission of the City of Belle Glade will hold a public hearing on February 27, 1978, at 8:00 p.m. in the new City Hall for the purpose of:

1. Informing the citizens of the City's intent to file applications for Community Development Block Grant (CDBG) funds.
2. Explaining the program, its requirements and the funding and approval procedures relating to the applications.
3. Obtaining the views of the citizens regarding community needs and priorities and

## Thurs., Feb. 9, 1978, EVERGLADES HOMEFRONT—7

It is the policy of the City of Belle Glade to keep the public informed on how the funds may be used.

4. Explanation of how continuing programs will benefit low and moderate income families, prevent and eliminate slums and blight, upgrade the neighborhood environment and improve community services and facilities; and,

5. Briefly discussing the accomplishments of past efforts funded with CDBG funds, as contained in the Annual Grant Performance Report (GPR) to be submitted to the Department of Housing and Urban Development (DHUD) on February 28, 1978.

Citizens will have an adequate opportunity to participate in the development of any revisions, changes or amendments for expenditure of Community Development funds at this public hearing as well as a forthcoming second public hearing to be held prior to the submission of the final application to DHUD on May 31, 1978.

For most families a home has been the best of all possible investments. Stocks, bonds, savings accounts all fall badly behind the rate of inflation in the past 10 years. Homes, on the average, greatly exceeded the rate of inflation. Shouldn't you be investing your money in a proven inflation beater as well as something the whole family can enjoy. Yes, we handle conventional as well as FHA-VA financing. All applications and closings handled locally at your convenience. Veterans, need that eligibility certificate? We have applications available. Call us!

Super neat 3 bedroom 1 bath CBS with carpeting and central air. Range and dishwasher included. Quiet dead end street with shade tree. Extra lot may be purchased if desired. \$36,000.

2 acres with 217 feet frontage on SR 715. May be used for business or residence. Please call in.

## HOW to Write

# a Person-to-Person Classified Ad that Sells!

### STATE THE ITEM

Tell your readers exactly what you're  
selling right away. Don't bother with  
fancy features yet. They don't want  
to know it's "Wilson K28" until after  
they know it's a set of golf clubs.

1

### GIVE ENOUGH INFORMATION

An ad that's too short becomes expensive if it  
doesn't sell your item. "Golf Clubs, 000-0000"  
leaves the reader with too many questions. What  
kind? What model? Condition? State  
the price or say "Make an offer"

2

### BE HONEST

Don't omit obvious flaws or ex-  
aggerate the quality. "Never  
used" might get lots of calls  
but "damaged number three  
iron" may get more offers. Your  
readers want to buy from some-  
one that they can trust.

3

### GET TO THE POINT

Avoid long-winded language when  
short phrases will do. "Super de-  
luxe, attractive blue and white  
Atlantic bag" can be shortened to  
"blue and white Atlantic bag."  
That way you can convey a lot of  
information while taking advantage  
of our low Person-to-Person rates.

4

### MAKE SURE CUSTOMERS CAN REACH YOU

Just a phone number is enough if you  
will be home all the time the ad is  
running. If not, your caller may get  
discouraged and decide not to call  
back. By adding "After 6 P.M., your  
customer knows exactly when he  
can reach you.

5

OLF CLUBS, Wilson K28, full set, with  
blue and white Atlantic bag, damaged  
number three iron, cost \$400. Will sell  
for \$225. Phone 000-0000 after 6 p.m.
